CAREER OBJECTIVE

Recently graduated with a BSc in Information Technology (Computer Science and Informatics, University of Johannesburg, 2025). Strong technical foundation across full-stack development, system design, and API integration, with a genuine interest in using technology to improve how people and organisations work. Analytical, collaborative, and comfortable translating complex technical concepts for non-technical stakeholders. Looking to grow within an innovative, people first environment where I can contribute meaningfully from day one.

EDUCATION

BSc Information Technology | University of Johannesburg | Jan 2022 – Nov 2025

- Majored in Computer Science and Informatics
- Relevant coursework: Data Structures & Algorithms, Software Engineering, Database Systems, Object-Oriented Programming, Information Systems

National Senior Certificate | Bracken High School | Jan 2017 – Dec 2021

- Top Matric Learner in Computer Applications Technology (83%)
- RCL Prefect and Student Leader

TECHNICAL SKILLS

- **Programming Languages:** Java, JavaScript (ES6+), C#, SQL, TypeScript, VB.Net, Python
- **Frontend:** ASP.NET Web forms, React, Next.js, Tailwind CSS, HTML, CSS, Angular (currently using)
- **Backend & APIs:** ASP.NET Core Web API, RESTful APIs, Node.js, API integration, authentication flows, system design, WCF (SOAP based APIs)
- **Databases & Data:** Microsoft SQL Server, Azure SQL, MongoDB, PostgreSQL — design, queries, indexing, relational modelling
- **Cloud & Infrastructure:** Microsoft Azure, Docker, AWS (foundational)
- **Agile & Delivery:** Agile methodologies, sprint planning, iterative delivery, Trello, Git, GitHub
- **Documentation & Communication:** Technical writing, process documentation, stakeholder communication, internal guides
- **UI/UX & Design:** Figma, Draw.io, Adobe Photoshop, Framer, Webflow, Canva, Mobbin

SELECTED PROJECTS & WORK

ZENBOX – Project Management System – Full Stack Developer 2025

- Core member in a team of 4; analysed workflow challenges for SAS Environmental and designed a full-stack project management solution delivered as a final year project
- Acted as a trusted technical partner — translated client requirements into system features including role-based access, automated PDF reporting, real-time task tracking, audit logging, and email notifications
- Created technical documentation and collaborated cross-functionally to align on delivery timelines and system behaviour to show attention to detail
- **Tech Stack:** ASP.NET Core Web API (C#), React Native (Expo, TypeScript, Tailwind CSS), Azure SQL
- **Demo:** youtube.com/watch?v=L-LNjbStd80 | xabiso.vercel.app/#projects

JOBTRACKr – Smart Job Application Dashboard – Full Stack Developer 2025

- Built a web application from scratch to help job seekers organise, track, and analyse applications — designed and built from scratch to demonstrate my full stack capabilities
- Implemented Gmail auto-sync for automated data ingestion, Google OAuth and OTP secure login, JWT sessions, and a responsive analytics dashboard — demonstrating strong understanding of API integrations, data flows
- Demonstrating cyber security concepts such as input validation and sanitization, rate limiting, SHA256 hashing for tokens, etc.
- Wrote technical documentation and created user-facing onboarding flows — bridging technical implementation with usability
- **Tech Stack:** Next.js, MongoDB, REST API, TypeScript

WORK EXPERIENCE

Software Developer Intern | Hitekology Solutions (SpaNE4All) | Mar 2026 – Present

- Contributing to the development of the SpaNE4All job portal platform — a South African job aggregator serving active job seekers
- Participating in daily scrums, managing tasks on Trello boards, and collaborating with the team in an Agile delivery environment
- Supporting feature development including user authentication and platform improvements in Node.js
- With over 4,000 LinkedIn Followers and 15,000 followers on WhatsApp. Link: <https://spane4all.co.za/>

Call Centre Agent | Mbungela Consulting (MiWay Life Insurance) | Feb 2024 – Apr 2024

- Built strong communication skills engaging customers daily and explaining technical product benefits in clear, accessible language
- Recognised as the junior agent with the highest transfer rate in the first 30-day cycle — demonstrating fast onboarding and performance under pressure

Internet Café Assistant / IT Support | Tokoos Studios (Pty) Ltd | Oct 2022 – Apr 2023

- Provided hands-on hardware and software troubleshooting, created internal documentation, designed marketing materials, and managed inventory
- Delivered 24/7 client support — developed strong problem-solving, communication, and stakeholder management skills in a fast-paced environment

CERTIFICATIONS

- Cloud Computing – Camblish Training Institute, March 2026
- Responsive Web Design – freeCodeCamp, January 2025 [🔗 View Certificate](#)
- Prompt Design in Vertex AI – Google, October 2024 [🔗 View Certificate](#)
- Call Centre Training – Skills Excel Training Institute, January 2024 [🔗 View Certificate](#)
